

Response to Redundancy Training Courses and Workshops

SOLOMAN training has been developed from the demands of the sector.

We believe the sector is unique and so the training it requires must be tailored to its needs. Thus all SOLOMAN training is delivered by experienced staff, and through our many partnerships we are able to offer a range of tailored programmes.

CV and Job Search Workshop

A fresh and practical look at the principles of CV writing including:-

- Style
- Key content
- How to present manufacturing skills and achievements to their best advantage
- Interview techniques
- Jobsearch help
- Confidence building coaching

English as a Second Language (ESOL)

A range of courses to suit all abilities – learners are assessed prior to enrolment to ensure that the appropriate course is selected.
